The experience at STK was amazing. There's a level of exclusivity when you walk in that makes it feel special. The food was next level delicious and cooked perfectly. Already planning my next visit! [read more](#). What [مصعب المبيضين](#) doesn't like about STK - Toronto:

Easy to get into and In a great walkable neighborhood but food was just ok. I was in the mood for steak and potatoes. Steak was prepared to my exact request in terms of temperature. Potato consistency was perfect but were flavorless. I had to doctor up with butter and salt. Good atmosphere and our server was great. [read more](#). In pleasant weather you can even eat and drink in the outdoor area, and there is free WLAN. The premises on site are accessible, and therefore no problem for customers with wheelchairs or physiological limitations. If you're hungry some hot South American gastronomy, you're in the right place: delicious meals, prepared with **fish, sea creatures, and meat**, but also **corn, beans, and potatoes** are on the menu, and you may look forward to the tasty typical [seafood](#) cuisine. If you'd like something sweet to finish off, STK - Toronto does not disappoint with its good selection of desserts, and you can try scrumptious American meals like [Burger](#) or [Barbecue](#).
