What [Catherine Wyman](#) likes about Eden:

Pretty sure our server forgot about us, despite the restaurant not being very busy. The food was fine, but not memorable, and some wasn't prepared the way we asked. Overall, we see little reason to return. [read more](#).

What [Montserrat Boyle](#) doesn't like about Eden:

Terrible experience. Was lied to about the entire evening. Didn't honor Open Table reservation. Said they "don't have an iPad". Should be able taken off OT. I have never had an experience like this. Will never go again. Would avoid any all costs! [read more](#). In pleasant weather you can even be served in the outdoor area, And into the accessible spaces also come customers with wheelchairs or physiological limitations. Eden from Chicago offers **fine, good Mediterranean cuisine** with its typical meals, The **tasty** desserts of the establishment also shine not only in the eyes of our little guests. There are also tasty American dishes, for example, burgers and grilled meat, for breakfast they serve a *varied breakfast* here.
