The restaurant from East Providence offers **277** different dishes and drinks on the menu at an average price of \$13.6. What [Dangelo Heller](#) likes about Ichigo Ichie:

Overall good. Ichigo Ichie is about a three-minute drive from our new house, so it has become our default [sushi](#) stop. We haven't tried the habachi side, and don't plan to, so this is just the dining side The Good If you stick to nigiri/sashimi, and the 'standard' rolls (California, Shrimp Tempura, Spicy Tuna, etc. , it is very reasonably priced (for [sushi](#) . The presentation is stunning. They have some great apps (... [read more](#). What [Fiona Renner](#) doesn't like about Ichigo Ichie:

"Old school" steakhouse with minimal frills, so the food has to be shiny! The food was solid, the waitress struggled and our total time in the restaurant was close to 90 minutes - way too slow considering they weren't busy. In the Ichigo Ichie from East Providence, a lot of freshly harvested vegetables, fish, and meat are used to prepare **healthy, flavorful Japanese dishes**, You can take a break at the bar with a cool beer or other alcoholic and non-alcoholic drinks. Of course, the most diverse ingredients are also used in the most innovative combinations and variations - according to the motto of the Fusion Cuisine in the culinary offer, Here, the barbecued food is freshly *cooked* on an open flame.
