The Menu of Greystone Public House from Harrisburg contains about 345 different dishes and drinks. On average, you pay for a dish / drink about \$31.6. What [OpenTable Diner](#) likes about Greystone Public House: I really wanted to give the food a five star, but all 3 meals were mediocre warm, when served. Other than that the server and service was a 10 Star and the cocktails was the highlight of my birthday brunch! We probably will not return unfortunately, no one likes, warm or mediocre, warm food!! [read more](#). In nice weather you can even eat in the outdoor area, And into the accessible spaces also come guests with wheelchairs or physical limitations. What

[Revkento](#) doesn't like about Greystone Public House:

First time disappointed here after many meals. The online food and drink menu was inaccurate, which was hugely disappointing. I ordered the brunch frittata and home fries. The frittata appeared cut from a large pan and was dry. The home fries were roasted fingerling potatoes, not fried. My wife's cheese biscuits were excellent, however. [read more](#). If you want to a cocktail after work and hang out with friends, Greystone Public House from Harrisburg is a good bar, The customers of the establishment are also thrilled with the comprehensive variety of various **coffee and tea specialities** that the restaurant offers. In addition, there are fine American dishes, such as *burgers and grilled meat*, The **sugar-sweet** desserts of the restaurant also shine not only on children's plates and in children's eyes.
