I can't stop to flee how wonderful this restaurant is! eating is amazing, the service is great, and the ambiente is super romantic. I love this place, can't wait to go back! [read more](#). When the weather conditions is nice you can also eat outside, And into the accessible rooms also come visitors with wheelchairs or physiological limitations.

What [Ervin McLaughlin](#) doesn't like about Eatt:

The food was excellent but a little pricey for the portions received. The service was a challenge because the server did not speak/understand English very well. When asked about corkage fees we were told \$55... So we went with the house Shiraz (Copper Moon) and that was \$55 for a bottle of wine that is retailed for about \$7... So all in all good food, WAY over priced! [read more](#). The Eatt from Las Vegas has **dishes on offer that are typical for Europe**, here they serve a *appetizing brunch* for breakfast. There's also crisply crunchy [pizza](#), baked fresh using traditional methods, At the bar, you can unwind with a cool beer or other alcoholic and non-alcoholic drinks.
