When the weather is good you can also be served outside, and there is no-charge WLAN. The rooms on site are accessible, and therefore no problem for customers with wheelchairs or physical limitations. What [Rodrick](#)

[Vandervort](#) doesn't like about Sola Cafe:

The rating is based on the Vegan Burrito. Pretty simple and tasteful. My preference would be to add some sauce to jazz. You have a few other simple vegan options and the soup this day was vegan. The **catering service** is also provided by the establishment for its customers, Furthermore, the light and healthy dishes on the menu are among the favorites of the customers. You can also look forward to tasty [vegetarian](#) cuisine, and you can enjoy here tasty American dishes like *Burger or Barbecue*.
