The restaurant from New York offers **376** different **dishes and drinks** on [the menu](#) at an average \$7.7. What [Mike Cox](#) likes about Hunter Delicatessen:

Sandwiches are made fresh and are very affordable. If you're a college student they'll add an additional 10% of your order if you show then your college id. Would recommend the Italian hero. [read more](#). You can use the WLAN of the place free of charge, Depending on the weather conditions, you can also sit outside and have something. The rooms on site are accessible, and therefore no problem for visitors with wheelchairs or physical limitations. What [Angela R](#) doesn't like about Hunter Delicatessen:

I have given this place too many tries. Was there a couple of minutes ago and did not appreciate the cashier/owner's attitude. Yes it was somewhat busy, that doesn't give you the right to slam your paying device right on my face. You should be grateful you have business instead of making your customers not want to go back. Hope you don't treat your workers as bad as your customers. [read more](#). An additional service offered by the restaurant is the catering service for guests, Additionally, you save time with the variety of ready-to-serve delicacies, without influencing the enjoyment. Furthermore, the surroundings of the *original American diner* turns the meal into an extraordinary experience, And of course, you should also try the delicious burgers, with sides such as fries, salads, or wedges served.
