I called a pickup order about 30 minutes before they close. You were very nice about it! I came there about 10 minutes later and my little big order was ready. Again they were very friendly. My order was correct and very good. It's a little on the expensive side, so I don't often order something out, but it's consistently friendly staff and good food that makes it worth while now and then. <a href="read more">read more</a>. El Nopal Family from Louisville is a good option for a bar if you want to have a drink after work and sit with friends or alone, Also, the drinks menu at this place is exceptional and offers a significant and varied assortment of both local and international beers, which are definitely worth a try. Among the visitors, the <a href="versatile">versatile</a>, tasty Mexican cuisine is also popular, in which mainly corn, beans and hot peppers are used.
