The food was great! The drinks were not very good! The waiters kept circling around us a little weird other than that a nice evening with friends. The ambiance was very nice. [read more](#). Kervan [Kebab](#) from Brooklyn is a good option for a bar if you want to have **a beer after work** and sit with friends or alone, The guests also rave about the fine, airy flatbread that can be dipped into the homemade hummus or a yoghurt dip; the exciting combination of figs with goat cheese is also one of the top-picks from the diverse cuisine of the **Middle East**. Furthermore, there are easily digestible Mediterranean meals available, The local offers its visitors the opportunity to try authentic Turkish meals like Lahmacun and various Doner. But make sure to leave some room for dessert!.
