What [User](#) likes about The Tater Shack:

Absolutely brilliant! The burgers and salads are really good. I took my wife for the first time today (it was my fourth time) and she ran over how good the Mac n cheese, burgers and the Pimento cheese was. I agree. On this trip they and I both had the original burger with Pimento Cheese and a fried green tomatoes upstairs. Delicious! We recommend this place to anyone looking for good food and a great atmosphere. [read more](#). In case you're hungry some **seasoned South American cuisine**, you're in the right place: exquisite meals, prepared with [fish](#), [seafood](#), and [meat](#), but also **corn, beans, and potatoes** are in the menu, and you can indulge in fine American menus like Burger or Barbecue. Even if you're not so hungry, you can treat yourself to one of the tasty sandwiches, a small salad or another snack.
