The restaurant from Galveston offers 104 different **menus and drinks on [the menu](#)** at an average price of \$18.7. What [User](#) likes about Waterman's: Napkins need to be cloth and presented at the table.. ordered a bottle of wine. The server just poured the wine without tasting first. Do not like that the bill was on an electronic device so you could not review the bill and no copy was sent to my email.... with all that said, the food was very good, but a few missed opportunities. If you want entrees in the mid and up range you need to up your game [read more](#). The restaurant and its premises are wheelchair accessible and thus usable with a wheelchair or physical limitations, Depending on the weather conditions, you can also sit outside and have something. What [User](#) doesn't like about Waterman's: Nice view, pleasant wait staff. The fried fish was very oily. Large portions, but the coating was extremely oily, like you get when your frier oil is too cool. I don't often give a three star review unless I think poorly of the food. This had potential, but could have been much better. [read more](#). If you're desiring some hot South American gastronomy, you're in the right place: exquisite meals, made with fish, sea creatures, and meat, but also corn, beans, and potatoes are on the menu, and you can look forward to typical scrumptious **French cuisine**. After the meal (or during it), you have the opportunity to still relax at the bar with a alcoholic or non-alcoholic drink, and you have the opportunity to try tasty American dishes like *Burger or Barbecue*.
