Their menu has changed, perhaps as a result of the pandemic, and some of their traditional sides squash and fried okra are altogether absent from the current offerings. Their fried chicken however, continues to be second to none [read more](#). In beautiful weather you can even have something in the outdoor area, And into the accessible spaces also come customers with wheelchairs or physiological disabilities. What [User](#) doesn't like about Paschal's:

We travel from Ohio to go to the peach for. This restaurant was so understaffed for so many fans coming to the area. Renate at the bar was fantastic but pretty much had to handle all the drains for the entire restaurant along with food. We waited over 30 minutes just to get a drink let alone order of food. Will not be coming back to this restaurant again and would not recommend it [read more](#). If you're craving for some tasty South American culinary arts, this is the place to be: tasty dishes, cooked with [fish](#), [seafood](#) delicacies, and [meat](#), but also corn, beans, and potatoes are on the menu, and you can look forward to the delicious typical seafood cuisine. Most **dishes are prepared in the shortest time for you** and served, In addition, the drinks menu that is offered in this established eatery is impressive. It offers a diverse variety of beers from the region and the whole world.
