The restaurant from [Mashpee](#) offers 133 different dishes and drinks on [the card](#) at an average \$15.4. What [User](#) likes about Siena:

Food is always excellent. Service mediocre. For the price point in the restaurant one would think they would bus people appropriately clearing tables. Proper service would clear a course prior to serving the next course [read more](#). For those who want to **a cocktail after work** and sit with friends or alone, Siena from Mashpee is a good bar, and you can look forward to traditional Italian cuisine with classics like [pizza](#) and pasta. Even if you're only not so much hungry, you can still treat yourself to one of the delicious **sandwiches**, a small salad or another snack.
