Great sushi place. Very fair. Not crazy expensive like many. Your reputation before them. Always top rated place. Well deserved. Great waiting staff. So call first or reserve. I was also at Studio City, Encino and Woodland Hills. It's great. WH is the latest/largest. But call ahead, always booked solid. [read more](#). What [User](#) doesn't like about Sushi Katsu-ya:

Good sushi. But more expensive than justified. It's okay to be pricey if you provide amazing sushi or more of really good [sushi](#) but if it's average tasting [sushi](#) with an average size then a premium price is not justified. In this case it was priced above average but quantity and quality weren't what I'd expect. We only had rolls with raw fish (our favorite) so maybe other offerings are better. [read more](#).
