Very empty at on Saturday night which made ambience a little weird, but the weather was inclement that night. Food was very good, especially the shrimp and grits. Service was fast and friendly. [read more](#). The restaurant is accessible and can therefore also be used with a wheelchair or physiological disabilities. What [User](#) doesn't like about Sausalito On Ninth:

Place is very unorganized. No one checked us in until a manager saw us wandering around trying to find a hostess. Waited a while for service, not a deal breaker, but ordered beers and sat for more minutes with no drinks while server tried to keep up with the or tables she already had, not to mention the huge group of people now waiting to be seated. We gave up and went elsewhere. [read more](#). If you're craving some zesty South American cuisine, you've come to the right place: delightful meals, cooked with **fish, seafood, and meat**, though corn, beans, and potatoes are also in the menu, Don't miss the chance to eat the tasty pizza, prepared fresh in an traditional way. Furthermore, you'll find scrumptious American menus, like for instance **burgers and grilled meat** on the menu, Also, the drinks menu at this place is exceptional and offers a significant and varied variety of both local and international beers, which are definitely worth a try.
