Hands down the best Poke place I?ve ever been to. Poke is the only thing that I will review because it really does matter where you go, with that being said I travel for work and eat at poke restaurants all over the east coast. This one takes the cake. Fresh ingredients with lots of options and a generous portion, highly recommended. <a href="read more">read more</a>. The place also offers the possibility to sit outside and eat and drink in beautiful weather. What <a href="Diana">Diana</a> <a href="Milling Moesn't like about Pokehub">M</a> doesn't like about Pokehub:

4/2/22 They seem to be slipping a bit. Didn?t seem as fresh as it normally is. Plus I had to sweep a dying cockroach off my chair. ???? May not be coming back anytime soon. Have been here multiple times. Every time they are very friendly and the food is so fresh and tasty. For the price you get a good amount of food. Highly recommended. This is one of my go-to places when I?m in the area. Never a disappointment. Another great visit!.
