[User](#) doesn't like about Sage Woodfire Tavern Buckhead:

The entire experience was horrible from beginning to end. I received a wineglass that already had lip prints on them. The bread had fruit flies flying out of it, my steak was not cooked correctly, dripping with blood and I asked for well done. The risotto was watery, I ended up sending my whole plate back and not eating. I will never return

because management was no where to be found. [read more](#).
