We both had bison burgers and were very pleased with the quality, size and deliciousness. They were cooked correctly and I believe the best ground bison I have ever had. The menu is eclectic and most folk could find something to their liking. I have friends with restrictive dietary needs and will look forward to bringing them here for lunch. [read more](#). In beautiful weather you can even eat and drink in the outdoor area, And into the accessible rooms also come customers with wheelchairs or physiological disabilities. What [User](#) doesn't like about Bareburger Clintonville:

Food was quite good and while it took a while to receive our food that was not the reason for the poor service rating. The server was completely inattentive. She had plenty of time to play on her phone and chat with the bartenders, but couldn't check in or ask if we wanted another drink. The service ruined what would have otherwise been a pretty good experience. [read more](#). Perfectly pairing with the meals of the local are the fresh and delicious juices on the drinks menu, here they serve a **appetizing brunch** in the morning. You can just get one of the tasty sandwiches, a small salad or another snack, if you're not that ravenous, Of course, you also have to try the **tasty burgers**, that come with sides like fries, salads, or wedges offered.
