The restaurant from St Petersburg offers **19** different **menus and drinks on [the menu](https://menuweb.menu)** at an average price of \$9.6. Cravingz, a unique dining spot adjacent to a strip club, offers a mixed bag of experiences for patrons. While some guests appreciate the friendly staff, quick check-in, and reasonable prices, others face significant issues including unprofessional service, order mishaps, and overly salty food. Reports of payment inconsistencies and a lack of clear communication regarding accepted payment methods further detract from the dining experience. Additionally, the ambiance and cleanliness have received praise, but the overall quality and execution of the food leave much to be desired. Improvements in service and food quality could elevate this establishment considerably.
