The Card of Forno Pizza from Alexandria includes about 164 different meals and drinks. On average, you pay for a dish / drink about \$15.1. What [Kayla H](#) likes about Forno [Pizza](#):

We ordered two medium pizzas and a few drinks. The margherita [pizza](#) was good, and the crust wasn't greasy. The veggie [pizza](#) was pretty standard and had thicker cut vegetables than I'd prefer. Overall, it was good, but not outstanding. We ordered because we were looking to find a local delivery option that might be better than Paisano's. In this case, Paisano's probably will stay our go-to. [read more](#). You can use the WLAN of the place at no extra cost, And into the accessible spaces also come customers with wheelchairs or physiological disabilities.

What [Brian H](#) doesn't like about Forno [Pizza](#):

From my experience, they take advantage of people that order food to be delivered. Portions are a lot smaller and when you call order to-go and the quality is sub-par. They actually tried to blame the delivery service when I called to complain. You might do better eating in, that way you can send things back or ask them to remove things off your bill.
