The place from Brooklyn offers 372 different meals and drinks on [the menu](#) at an average price of \$14.0. What [User](#) likes about Panchita's Place:

overall the restaurant cuisine was fine for a [Mexican](#) spot but it lacked pizzazz. had the fish taco and the guac, and the crew I went with didn't remark on how great the food was. they had a happy hour that lasted til 9pm which was the best part with 4 dollar beer. it's good if you want a chill ambiance and okay food [read more](#). Anticipate the **varied, delicious Mexican cuisine**, which is usually prepared with corn, beans and chilies (hot peppers), In the morning a **versatile brunch** is offered here. After the meal (or during it), you have the opportunity to also relax at the bar with a *alcoholic or non-alcoholic drink*, the visitors love having the chance to watch the latest games or races on the big TV in this sports bar, while also enjoying food and drinks.
