What [User](#) likes about Five Guys: super clean, very fast, but more important the young work there (nicolas super awesome) were great! very friendly! 5 young are the best and I loved this place. "I will be back" [read more](#). The restaurant also offers the possibility to sit outside and eat in nice weather. What [User](#) doesn't like about Five Guys: \$32 for a little burger a rain burger, fries and a shake. free odours were stale, tweeping on burger not grilled (may perhaps touch the grill), with mushrooms that I would not call grilled, had not had a bite down bungalow before they fall apart, after waiting for the meal (not busy at the time, but ok they need to grill...so I thought), we had to ask for the shake and then wait a few more. my friend thought that fries were salted about salt, I thought they were in order, which meant he was right because I like mine over salted. poor work. If you're in a rush, you can get delicious **Fast-Food meals just the way you like it** from Five Guys in Phoenix, freshly prepared for you in short time, And of course, you should also try the *tasty burgers*, with sides such as fries, salads, or wedges served.
