What [User](#) likes about Mk's Donuts:

I dropped by MK's Donut's for the first time and I got a crumb bear claw. That was a delicious donut. I haven't had a donut this good in years. This donut was drool worthy. The Apple chunks and the glaze inside were really sweet. Plus he threw in some donut holes in each bag. They almost tasted like they had cream cheese in the mix. Next time I'm in the area I'll be dropping by again. [read more](#). The restaurant is accessible and can therefore also be used with a wheelchair or physiological disabilities. What [Ofelia C](#) doesn't like about MK's Donuts: Donuts are ok. No lard aftertaste. The apple fritter is a bit too sweet and so is the glazed buttermilk. I went on the Monday of the MLK holiday and was upset there wasn't much of a variety at about 2pm. [read more](#). An additional service offered by the restaurant is the **catering service** for guests, In the morning they serve a **varied breakfast** here.
