beautiful cafe and the personal was charming! a little overpriced for what they get, but it was all beautiful! I want to try her baked next time. the drinks were delicious. will definitely go again when I'm in the opposite! [read more](#).

As a guest, you can use the WiFi of the establishment at no extra cost, Depending on the weather, you can also sit outside and have something. The rooms on site are accessible, and therefore no problem for visitors with wheelchairs or physical disabilities. What [User](#) doesn't like about World Traveler Coffee Roasters:

Had great coffee but not enforcing the mask policy. Walk in the front door and there was a crowded table of 6 women without mask just a couple of feet into the business. No way to avoid maskless folks. If you are going to allow inside drinking/eating w/o masks you could at least limit seating areas. For people just ordering or waiting there is no reason not to have a mask on. Coffee very good last time. [read more](#). If you're desiring some hot South American gastronomy, you're in the right place: tasty menus, made with fish, sea creatures, and meat, but also **corn, beans, and potatoes** are in the menu, and you can look forward to typical fine French cuisine. You

have a ceremony and want to enjoy the food at your place? With the in-house **catering service**, that's no problem, Also, the customers of the restaurant love the large selection of various *coffee and tea specialities* that the establishment has to offer.
