What [User](#) likes about Mcdonald's: I normally only go to Wendy's cuz they're simply better, but this McDonald's was pretty good. Food was alright though. [read more](#).

You can use the WiFi of the establishment free of charge. What [User](#) doesn't like about Mcdonald's: Drive thru was very fast and employees were nice enough, but the two working the windows weren't told that they were out of tomatoes, which would have changed my order entirely. They weren't even informed after I placed an order with tomato. They just substituted with pickles, which I ended up returning. Fries also weren't salted enough. [read more](#). In case you're craving some seasoned South American cuisine, you're in the right place: exquisite menus, cooked with **fish**, **seafood**, and **meat**, but also corn, beans, and potatoes are in the menu, Of course, you also have to try the scrumptious burgers, that come with sides like fries, salads, or wedges provided. As a rule, most **courses are prepared quickly for you** and served, Likewise, the guests of the establishment prefer the extensive selection of differing coffee and tea specialities that the restaurant provides.
