The restaurant from Mission Hills offers **28** different **menus and drinks on [the card](#)** at an average \$6.1. Tacos Bro's, a newcomer near San Fernando, has generated mixed reviews since its March opening. While some patrons rave about the shrimp tacos, describing them as transformative and perfectly crafted, others express disappointment with items like the Al Pastor burrito and birria, citing bland flavors and insufficient fillings. The handmade tortillas receive praise, and the staff is noted for their friendliness and efficiency. Although the restaurant offers a variety of options, including vegetarian dishes and gluten-free choices, inconsistent experiences have left some diners hesitant to return. Overall, Tacos Bro's promises potential but may require some refinement to meet expectations.
