4. juni was epic for me and my two friends and over 150 guests who celebrate with us for our birthday. tks treated us and our guest like queens and kings. the food was excellent and the staff was very professional and gave stella service. thanks kara and tk for a night we will never forget. we danced the night away. In beautiful weather you can even eat in the outdoor area, And into the accessible rooms also come visitors with wheelchairs or physical limitations. What [User](#) doesn't like about Tk's:

the service was unfortunately not great. the food was hardly warm when it was served, and we got our kidnapper in front of the appetizer (that we had to ask). the appetizer was the only thing that made fresh. for a \$200 meal this was unsatisfactory. plating was nice, but taste was 2/5.
