the smoothies are always delicious. the adjustment process could be tightened (both in the menu and in the kitchen), and the menu card could not scream at them when it makes noise. it makes me fear every time. the personal is always friendly and happy to work with them. better lids would be nice! I always have with smoothie over my hand and my car more than once. [read more](#). The diner and its premises are wheelchair accessible and thus usable with a wheelchair or physical disabilities. What [User](#) doesn't like about Inta Juice Loveland 29th: not my favorite place they claim to be healthy, but they are almost all sherbet based that is far from healthy. Their smoothie bullets are the only thing that is healthy from far away, but they are almost never well done. overall no great smoothie option, unless they do not want a healthy smoothie and just want a little cold.
