the service was great! and eating was very good, the only suggestion we have is the prices are a little high. a family of three, (which not many) will pay about \$10 per person or more. that is more than we can pay, more than once a month, and we would be there once a week or more if the prices were more affordable. but overall a great place to eat and the sweet little waitress is so beautiful, and really good eat! Get excited about the diverse, delicious Mexican cuisine, which is traditionally cooked with corn, beans and chilies (hot peppers), and you can try fine American menus like Burger or Barbecue. Not to be overlooked is also the extensive selection of coffee and tea specialties in this locale, You shouldn't miss the opportunity to try the crispy and crunchy pizza, baked straight out of the oven in an original manner.
