really good pub type vegan eating. a great place to take a non-vegan. a beautiful selection of drinks to connect with the food. not a tonne place inside to sit but perfect for the grab. [read more](#). When the weather conditions is pleasant you can also eat and drink outside, And into the accessible spaces also come visitors with wheelchairs or physiological limitations. What [User](#) doesn't like about Plantpub:

3 table inside and a small bar facing outside. The rest of the seating was outside and the heaters were not lit. I'm sure the food was good by no place to eat and relax. This should not be called a pub. Pub makes you think of cozy and warm. Not cold and glass. Should you wish to sample tasty American meals like burgers or barbecue, then Plantpub in Cambridge is the ideal place for you, They also present scrumptious South American dishes to you in the menu. You have an event and want to enjoy the food at home? With the in-house catering service, that's no problem, You shouldn't miss the opportunity to try the flavorful [pizza](#), baked straight out of the oven in an original manner.
