What User likes about Chin's Kitchen:
their combo meal times they get large portions of foods that they can share. I just bought the family order for the first time and it's a lot to eat! the prices are quite cheap, eating is great and the proportions are huge. everywhere else today everything becomes smaller and costs more money. I love that they are always very pleasant and also to please. read more. In beautiful weather you can even eat in the outdoor area. What User doesn't like about Chin's Kitchen:
Not as good as it used to be and I keep hoping it's gonna be better than the last but it actually gets a little bit worse. And the meat (beaf) feels like you're eating pourage. Like oatmeal or cream of wheat and that's not how I want my meat. But it used to be good. read more.
