What [User](#) likes about Baja Taco:

I love this place. Now they have even more eating and a greater variety and a larger menu than they have a little in the price, but not quite as much as the [fast food](#) restaurants like burger king etc. etc. and it is much healthier [read more](#). What [User](#) doesn't like about Baja Taco:

the food I received (through uber) was excellent. the carne asada fries. delicious. only give 3 stars because I didn't get the drink I had ordered, and the Taco folder clearly says there are 2 tacos and had only one in the pocket. the taco I got but was delicious. So I only requested a refund for the drink. Maybe next time will be better. I will definitely order again. [read more](#). The joint spoils you with a little bit of this and a little bit of that with their popular *Tapas*, Especially, many customers are looking forward to the **diverse, tasty Mexican cuisine**. As a rule, most menus are prepared in the shortest time for you and served, And of course, you should also try the scrumptious burgers, with sides such as fries, salads, or wedges served.
