The restaurant from Atlanta offers **85** different **menus and drinks on the card** at an average price of \$5.1. What [User](#) likes about Taqueria Los Rayos:

Listen, this place is the real deal. Their Tortas hit the spot. The inside decor is authentic; I felt like I was somewhere in Mexico. They have a really nice outdoor seating section too where I had a peaceful dinner. Loved it and would definitely do again. [read more](#). The restaurant also offers the possibility to sit outside and have something in nice weather. What [User](#) doesn't like about Taqueria Los Rayos:

the tacos and fajitas were pretty decent. offered the best I had, but did not definitiw the worst. they went to the riot queso were terrible. the rusts bad and the queen was watery. the portion size would be good if it were better to eat. the tortillas are handmade when that is important for them and they have a flour tortilla option as well [read more](#). Look forward to the *diverse, scrumptious Mexican cuisine*, traditionally prepared with corn, beans and chilies (hot peppers).
