What [Rahaf A](#) likes about Comet Coffee:

Comet is my favorite coffee shop in Ann Arbor! I love to start my mornings with their dolce latte which is just perfect. It is not too sweet at all. Lately, I've been switching to oat milk and it still great. I love their pastries as well. The chocolate croissant is delicious. The The outside seating is amazing! [read more](#). What [N](#) doesn't like about Comet Coffee:

The place outside was really pretty. I went there with my boyfriend and we got an ice mocha and special coffee they have, also iced. The coffee was really bad, it didnt have sugar at all, but they have a place inside where you can put yourself sweeteners. We tried to sweeten our coffe but it just didnt taste the same. The price for our coffee was about 10\$. I will not come here again [read more](#). Comet Coffee from Ann Arbor is a relaxed coffee house, where you can enjoy a snack or cake with a **warm coffee or a sweet chocolate**, for breakfast they serve a *varied breakfast* here. Not to be left out is the large selection of coffee and tea specialties in this restaurant.
