gg's is my place for vegan pizza. loves her vegan cheese, but they don't have vegetable meat toppings. pizza is thin, crunchy, but not burned. takeout can expect a little slow, an additional 20-30min minimum each time they wait to order. updated by previous review on 2021-08-25 [read more](#). In case you're hungry some fiery South American cuisine, you're in the right place: delightful menus, prepared with **fish, seafood, and meat**, but also **corn, beans, and potatoes** are in the menu, delicious [vegetarian](#) recipes are also on the menu available. There are also scrumptious American dishes, for example, **burgers and grilled meat**, Also, you shouldn't miss out on the tasty pizza, traditional freshly baked in a wood oven.
