only once was here, eating was delicious, they needed to add more to the buffet, the items ran out. also a few articles were dried. I'll try again sometime for a second chance later and update my review. read more. What User doesn't like about Baan Thai:
we say that this place is not really too hip and trendy, but eating is good enough if they don't do too much. with the buffet they can also take away. I can't say for the buffet, we picked up our dishes, the portions are satisfying and taste is good. read more.
