A comprehensive [menu](https://menuweb.menu) of Trejo's Mexican from Hot Springs featuring all 14 menus and drinks can be found here on the menu. Located at a challenging intersection, this restaurant offers a mix of experiences that leave diners divided. While many rave about the fresh, flavorful dishes—particularly the guacamole and daily lunch specials—others express concern over service and quality, noting stale chips and overpriced items like the \$5.50 queso. The establishment shines in cleanliness and atmosphere, with a commendable effort to maintain pristine conditions. If you're in the mood for a vibrant dining experience with a robust beer selection, this restaurant has its merits, although it might be wise to approach with tempered expectations regarding service and consistency.
