the young kerl on the car thru had actually a healthy sense. I have in the rule 4 drinks, regardless of where I have, that they always want to hand me over individually. I always have to ask for a cup holder. he didn't have them in a cup holder. another bonus I had in his own pocket, which he put all in a bigger wendys bag. I didn't even know they had this bag. There are not many fast food places in the area so I usually come here to grab quick lunch. Quick being the key word because they are anything but quick. Expect to wait 10-15 every time. Half of the staff seem to be having conversations with each other and not doing anything. I've never had to consistently wait this long at a fast food place repeatedly every single time I come.
