I never leave reviews, but....that's the first restaurant I went, that was enough to separate the raw sushi from the other hot food that's just a nice touch. I know hot food probably doesn't cook or pamper one of the raw fish, but it's something that crosses my mind. That's how it was separated. We also enjoyed the food so that is also a big plus (Special Roll and a Chicken teriyaki) read more. The visitors love it when Asian cuisine meets a bit of creativity. That's exactly what you can expect at the Yuki Hana Japanese from Madison, with its **successful Asian fusion cuisine** - the right mix of familiar meets the adventurous world of fusion cuisine, and healthy Japanese meals are being made with lots of freshly harvested vegetables, fish and meat. The delicious Sushi such as **Nigiri and Inside-Out** however, is the undisputed highlight of this restaurant, On the menu there are also several *Asian meals*.
