wow! seriously blown away. this place is so good. my man and I are always looking for good Korean food and this place takes the cake! highly recommended. everything we had was delicious. I forgot to make a picture of the flying crisp garnel roll because we ate it too fast. service is good and the restaurant is well maintained and very cute. highly recommended! [read more](#). What [Andy Baumbach](#) doesn't like about Arirang:

1-Not explicitly Korean food aficionado.. Food quality deserves 3 because not served in fitted hot bowels, this allowed heat to escape too quickly. Veggie tempora, undercooked sweet potatoes. Soda fountain beverage, flat, poor quality taste. Water, had plastic/chemical flavor. Service was very pleasant. Overall comparison to other locations, limited to this area. Good. Lovers of **Korean cuisine** are right at home here: The range includes Kimchi, a variety of diverse variations of Bibimbap, alongside a multitude of delicious Jjigae that enchant the taste buds, The successful fusion of different meals with fresh and occasionally daring ingredients is highly valued by the visitors - a nice example of Asian Fusion. A lot of fresh vegetables, fish and meat is used in the **healthy Japanese cuisine** of Arirang, Likewise, the guests of the establishment prefer the comprehensive variety of differing coffee and tea specialities that the establishment provides.
