'These brussel sprouts are heavenly ' is not a sentence I thought I would ever say. Went here with my husband and 1 year old for my husband 's birthday. Our food was amazing, the server was very nice. I was worried about accomodations for my son but they were all really nice and we all had a great time. It was a little noisy for our tastes, felt more like a bar than an upscale restaurant but the food made up for it. They have a great selection of wine, I personally enjoyed the sparkling rose. I definitely recommend!. When the weather is nice you can also eat and drink outside, And into the accessible rooms also come customers with wheelchairs or physiological disabilities. If you're hungry for some **tasty South American culinary arts**, this is the place to be: delightful menus, prepared with *fish, seafood delicacies, and meat*, but also corn, beans, and potatoes are on the menu, Also, of course, the environment has a big influence, which is why the guests appreciate not only the fine menus, but also the bistro itself appreciate. After the meal (or during it), you can also relax at the bar with a alcoholic or non-alcoholic drink, Inthemorning a **versatile brunch** is offered here.
