What [User](#) likes about Taco John's: Loves the chipotle lime fried chicken taco! The staff is always great, very welcoming and the lobby is clean. Our order was almost \$90, so we had to wait ahead. When they broke out our order, they were very polite and made sure that our order was correct. Waiting wasn't long. [read more](#). What [User](#) doesn't like about Taco John's: Better food than taco bell...but the team at this location really messed up our order. I mentioned that something looked like it missing. But they insisted it was in the bag. A close look indeed confirmed the item was missing, they also gave another wrong item and missed two other items. Complete mess up that took an additional 10mins to fix. Overall...a 20min drivethru experience. [read more](#). Look forward to the *diverse, fine Mexican cuisine*, traditionally prepared with corn, beans and chilies (hot peppers), Forbreakfast a **versatile brunch** is offered here.
