There are several dishes Panda Express has that are good and fill. I usually get the beef with broccoli, but this time I have the orange chicken. It was good. We came to lunch and it was busy but easy to find parking and seating. [read more](#). What [User](#) doesn't like about Panda Express:

When it first opened up it was great. Recently this particular site, has just went to the bowels of fast food. Every time we have used the drive thru they can't get anything right. Several times we get home with half of the food we ordered and it's not even hot. The price of fuel to go back and forth from where we live, it's not even worth going back at that point. It's about impossible these days to get good service... [read more](#).
