Just spectacular Thai. We had Thai fried rice and cashew nuts with shrimps and both meals were enough to share. both in mild, since every Thai place is different, and the taste was amazing. The owners were wonderful and helped explain what each dish was. We're definitely coming back. [read more](#). What [Brian A](#) doesn't like about Royal Siam:

Have no idea how this is 4 stars on Yelp. Extremely disappointed. Pad Thai is not authentic, just plain weird, clumpy and strange. A lot better Thai in Roseville area. [read more](#). The restaurant is accessible and can therefore also be used with a wheelchair or physical limitations, and there is complimentary WiFi. If you crave for **sweet dishes**, Royal Siam with its magical desserts can surely make an end of it, *meals* from Thailand are prepared here with the well-known spices and (fish-) sauces. After the meal (or during it), you have the opportunity to still relax at the bar with a alcoholic or non-alcoholic drink, and you can look forward to the tasty classic [seafood](#) cuisine.
