We ordered chicken tacos, pulled pork sandwiches, burritos and a pizza. It is amazing that all four of these things tasted. While [pizza](#) is in the name, I would argue that the Mexican cuisine was the best offer. Great outdoor seating and super service. Prices are appropriate for the area. Very recommended if you? in the area! [read more](#). What [User](#) doesn't like about Front Street Station Pizza:

Decent [pizza](#) spot with a good selection of different types of slices. Their crust is very thin and crispy. I think they make each slice as you order it vs having entire pies ready. Service was a bit mute and unhelpful just pointed to the board. Reasonable prices for the area. [read more](#). One also grills [South American](#) here with fresh fish, meat, as well as corn and potatoes, and you can try fine American meals like *Burger or Barbecue*.
