Some of the best Indian my husband and I have ever had! The mango curry is the perfect balance of sweet and savory. The garlic cheese naan is also very well balanced. We were pleasantly surprised at how delicious the food was. Definitely recommend. read more. What User doesn't like about India House Authentic Cuisine:
They accused my boyfriend of color of stealing the order that I sent him inside to pick up. They made him spell the name out and say what was on the order. if that wasn't enough he had to get a screenshot of the order just to leave with the food. Absolutely terrible service and I would never support a business who acts like that. If i would have known i would have never ordered from there. read more.
