The place from Lehi offers **10** different *menus and drinks* on [the menu](#) at an average price of \$4.2. What [Joshua Tiller](#) likes about Sugar High Confections Keto:

I had the snickerdoodle bar and my wife had the strawberry shortcake. Both were delicious and keto friendly! We will defiantly be coming back here in a regular basis. [read more](#). The restaurant is accessible and can therefore also be used with a wheelchair or physical limitations. What [John Witney](#) doesn't like about Sugar High Confections Keto:

They charge premium price for not premium cupcakes. Picture a normal cupcake, and half it. That's how big they were. Also, they make you pay in full before they even start your order, so you better make sure they understand exactly what you want. Being that, I paid \$60 for 24 small cupcakes, I can't recommend this place to anyone. [read more](#). The restaurant also offers its guests a **catering service**.
