We have eaten here several times now. I love the steak quesadilla! Every time I visit they call me, my friend. I love it! They also updated the waiting area with a covered wooden deck with plants and lights. So beautiful! ?

Food: 5/5 [read more](#). What [Y Milo Burton](#) doesn't like about Tasty Taquitos:

The food was ok, not great, but the service was great, and the atmosphere was nice. A little overpriced, but I understand with the economy. [Vegetarian](#) options: They have vegan Chorizo (Soyrizo) as a meat option, but no vegan cheeses, sour creams, or dairy free vegan items. [read more](#). Look forward to the **diverse, scrumptious Mexican cuisine**, traditionally prepared with corn, beans and chilies (hot peppers), the menu also includes **delicious vegetarian dishes**.
