During a meal, a good drink is essential. In this gastropub, you not only get delicious meals from the menu but also a comprehensive and particularly good assortment of good beers and other alcoholic beverages that go well with the food, The successful fusion of different meals with fresh and partially daring products is highly valued by the customers - a nice example of Asian Fusion. You have the option to, after the meal (or during it), still relax at the bar with an *alcoholic or non-alcoholic drink*, Many customers are especially looking forward to the **versatile, fine Chinese cuisine**.
