What [User](#) likes about Scooter's Coffee:

Scooters coffee was pretty good! My fiancé and I ordered a Mocha Blender, an Iced Turtle Latte and 2 Bacon Ciabatta Sandwiches. The drinks were good and the sandwiches was delicious! We wished had ordered more!

I give this rating a 2 star simply because of the customer service. Most of the times my order is not made correctly the first time. I can deliberately speak my order very clear and the person will read my order back totally back wrong. Also I pay for a large blender and am given mediums and then when I ask ? Is this a large ? I?m told yes and it?s not. [read more](#). If you're desiring some **zesty South American cuisine**, you've come to the right place: exquisite dishes, prepared with fish, seafood, and meat, though *corn, beans, and potatoes* are also in the menu, and you have the opportunity to try tasty American dishes like [Burger or Barbecue](#). It should not be forgotten that there is a large selection of coffee and tea specialties in this locale.
